

GENERAL INFORMATION

Dubai Resources Business Directory is the only official listing of Department of Economic Development (DED). Since its successful launching in 2008, the directory has been recognized as a reliable tool and important source of information about DED and all its registered companies. Thus, every edition is being awaited and demand constantly upsurge. The primary objective of the directory is to bring together in one compilation all companies under DED and provide business people an easy access to company details. In every edition, the quality of the directory is being improved and details are completely updated and cleaned up. The publication of Dubai Resources Business Directory is part of DED's constant effort in helping its registered companies reach the widest audience and make their presence in the market known worldwide.

BENEFITS OF THE DIRECTORY:

- Official and acknowledged by the DED management
- Provides most updated data, information and statistics
- Worldwide distribution coverage
- Features exclusive information about DED
- Reliable source of facts & highly classified
- Serves as a guide in doing business in Dubai
- Provides location map to find company locations
- Carries the logo and identity of DED
